DesktopRecoveryIt is a revolutionary mobile application for users with lost/deleted data from their phone. It lets you recover the data from Android phones in a few simple steps. You can use it as a

USB or SD Recovery Tool
or use to perform a Factory
Reset. It works with all
Android devices including
HTC, Samsung, Sony, LG,
Xiaomi, ZTE, Huawei,
HTC, One, and Nexus.
Calculate your monthly
mortgage payments Do you
need to know how much is

your mortgage payment, or what would your new payment be if you decided to take a lump sum out of your house? We have the answer! You can easily calculate it in just a couple of steps, with no need to download anything. By the way, this calculator is

completely FREE for personal use. How to use: 1. Open the app and press on 'Start' 2. Specify the amount of house (your house price) you want to calculate your monthly mortgage payments 3. Specify the term (how long you want to pay your mortgage) 4. Enter the extra

payments you want to pay 5.
Press on 'Calculate' 6. Copy
the result on your calculator
or in your phone 7. Done!

Note: You can change your
interest rate per month, and
the monthly payment.

Additional information: -

We need to know your
house price and term to

provide you with the best results. - The data will be saved locally on your device. We all know the feeling when you need to update your Android, but the app store is offering you dozens of apps with updates that you just don't need. By the way, these apps usually cost

a few bucks. So how do you figure out which apps are useful, and which are just ugly clutter? The answer is simple. You just take a look at the number of downloads and ratings for each of the apps. The Free App Checker app offers you a short list of every app you use, sorted by

these criteria. What's it good for? • It allows you to check how often and how many people use an app you like • It calculates your monthly app expenses • It allows you to delete apps that are no longer needed • It shows you how much you are paying for your apps In my

experience, the most reliable method of getting free Android applications is using The Open Directory. The reason being that all
